

# Web Application Developer

Salary: £30-£40K per year (DOE)

## THE OPPORTUNITY

---

This is an opportunity to continue your awesome progression in software development working at the leading edge of Microsoft technologies. Working within a diverse, highly skilled and agile development team, you will be given the responsibility to develop and enhance Bennetts web applications that help drive the business and deliver real value to Bennetts customers and the motorcycling industry. You will assist in the continuous improvement of the ways in which the Bennetts IT team function. You will be a pivotal team member implementing new features of our latest product launch, Bennetts Rewards, working with the business to define how that platform evolves.

## TECHNOLOGY AND TOOLS

---

We are looking for someone who is passionate about technology and software development, possessing skills in web application development with ASP.NET MVC, HTML and JavaScript. Our tech stack is constantly evolving but is generally .NET based, so if you have experience with .Net Core, Azure, docker and principles such as CI/CD then even better! The platform you will be developing uses the latest cloud based Sitecore CMS, on which full training will be provided.

All Bennetts developers are given the tools to help them succeed in their role and develop their skills;

- MSDN subscription, with £40/month Azure credit
- JetBrains ReSharper Ultimate subscription
- Redgate tools subscription
- Udemy For Business subscription
