

# Manual Software Tester

LOCATION  
PETERBOROUGH, UK

Salary £30-37K Depending on experience

## THE OPPORTUNITY

Bennetts are creating a new technology hub to build awesome software for our group of companies. This is a fresh technology start for us and while Bennetts have 90 years of experience in the motorcycle market, we're really thinking like a start-up tech company. This is an opportunity to continue your awesome progression in software testing working at the leading edge of technology. Working within a diverse, highly skilled, and agile development team, you will be given the responsibility to test and enhance Bennetts' web applications that help drive the business and deliver real value to Bennetts' customers and the motorcycling industry.

Bennetts are looking for a Manual Software Tester who is:

- Up to date with the latest testing techniques and agile processes
- Passionate about the timely delivery of high-quality software
- Comfortable working in a highly collaborative and fast paced environment
- A great communicator, both technically and non-technically

### Tech environment and skills:

Bennetts are evolving both their tech stack and ways of working and our new tech environment will be C# .NET 6, GraphQL and React. We'll be following the best practices of CI/CD, TDD and Agile, so any experience in these areas would be beneficial.

As a Manual tester you will be supporting our transition by primarily testing our legacy tech stack, however if you are required to test across our full stack, support will be given. You will be an advocate for quality throughout the delivery lifecycle, shifting testing left to embed quality upfront. You will be responsible for reviewing, analysing & challenging requirements, test planning, test execution and supporting live releases.

## WHAT BENNETTS CAN DO FOR YOU

Along with the opportunity to work with a great technology set and all the tools you need, you'll benefit from:

- 25 days of annual leave for full-time colleagues plus Bank Holidays
- A flexible approach to how and where you work your hours – helping you to achieve a work/life balance that works for you
- We also offer pension & life assurance, private medical cover, along with a strong focus on your own personal development, gym subsidy and cycle to work scheme.

## ABOUT BENNETTS

Bennetts is a brand that refuses to stand still and become stagnant, constantly pushing itself so that its customers can get more from motorcycling. Having celebrated its 90<sup>th</sup> birthday in 2020, Bennetts has an unrivalled wealth of experience and is one of the UK's leading motorcycle, classic motorcycle and travel insurance specialists and provides cover for over 200,000 riders. Bennetts further sets itself apart from the competition with its unique membership proposition – BikeSocial. Free to riders who insure direct through Bennetts or available as a 12-month subscription.
